

Eltham Palace
London, SE9 5QE

Set within tranquil moated gardens, Eltham Palace boasts a unique mix of medieval and art deco styles, making it one of London's most unusual and exceptional venues.

Eltham Palace was once an important royal palace, though of the original buildings, only the magnificent medieval Great Hall remains today.

The stunning Entrance Hall is dominated by a magnificent domed ceiling showering the room in natural daylight. This is an exceptional room for both drinks receptions and civil wedding ceremonies, where the circular layout makes the exchanging of vows a uniquely intimate experience.

The Great Hall, which once hosted Royal banquets, today provides an impressive stately setting for larger events. It is topped by an awe-inspiring, hammerbeam oak roof, while the under floor heating, added in the 1930s, still keeps guests warm today.

The grounds offer a rare and very fine example of chic 1930s garden design. With a sunken rose garden, Japanese rock garden, cascades, fountains, pools and beautiful lawns, the private grounds provide a tranquil setting for guests to enjoy. The grounds can also accommodate a wide range of outdoor activities, from croquet and giant garden chess to laser clay pigeon shooting, archery or falconry.
