

One Mayfair
North Audley Street, London, W1K 6ZA

Formerly St. Mark's Church was constructed between 1825 and 1828 in order to tackle the shortage of 'church sittings' in the area. The Grade I listed building was constructed in Greek revival style to the designs of John Peter Gandy. Gandy was highly regarded in Greek architecture and produced most of his work in neo-classical designs, with One Mayfair being one of the finest examples.

In 1878, Sir Arthur Bloomfield made significant changes to the church, such as the impressive timber roof covering the main body of the structure as well as extra features in gothic style. The 34 foot façade together with the elegant porch is known as one of the finest in London.

The Grade I listed building has been included on English Heritage's 'Buildings at Risk' register for 20 years. After years of neglect and lack of funding this historic Grade I listed building has undergone months of refurbishment bringing it back to its former glory. Hiring One Mayfair for your event will contribute to the conservation of this historical building.

The venue offers one main space on the ground floor with a joining reception and an overlooking mezzanine on the first floor.

An Enchanting majestic venue; a gleaming modernised mezzanine glamour, with sparkling light streaming through the stain glass windows, overlooks the spectacular Grand Hall.

A secret hidden gem, with a neoclassical design has been beautifully hand restored to former glory, and is one the largest private hire spaces in the Mayfair are. One Mayfair has already attracted several exclusive birthday and anniversary parties, and is quickly becoming the venue of the moment among private and media clients alike.

Capacities:

	Reception	Dinner
The Grand hall and Reception	650	300
The mezzanine	300	200
